

# Elevate

A modern marvel of engineering, Elevate goes from sofa to bunk bed with minimal effort. If that isn't enough function, we also added straps to keep bedding in place and a zipper compartment to hold pillows.

## Bunk Bed Function

Combining multiple patents and components, this function is the first of its kind compliant with GCC intended for home furnishing use in the US. Lifting from the front panel, a seemingly typical sofa transforms into a bunk bed fit for two adults.
